BRAND NARRATIVE

EMBRACING THE CANAL

A photograph of a street in a historic city, featuring two prominent buildings. The building on the left is painted a bright teal color and has a large, ornate magenta door with vertical panels and small round knobs. To its right is a building painted a vibrant orange-red color, featuring a dark wooden door with a small white sign above it that reads '37-03'. A white horizontal band with the text 'IN THIS CITY OF WOVEN TALES' in a black serif font is superimposed over the center of the image. The ground is paved with grey cobblestones, and a black wire hangs from the orange building. The overall scene is bright and colorful, suggesting a lively, historic urban environment.

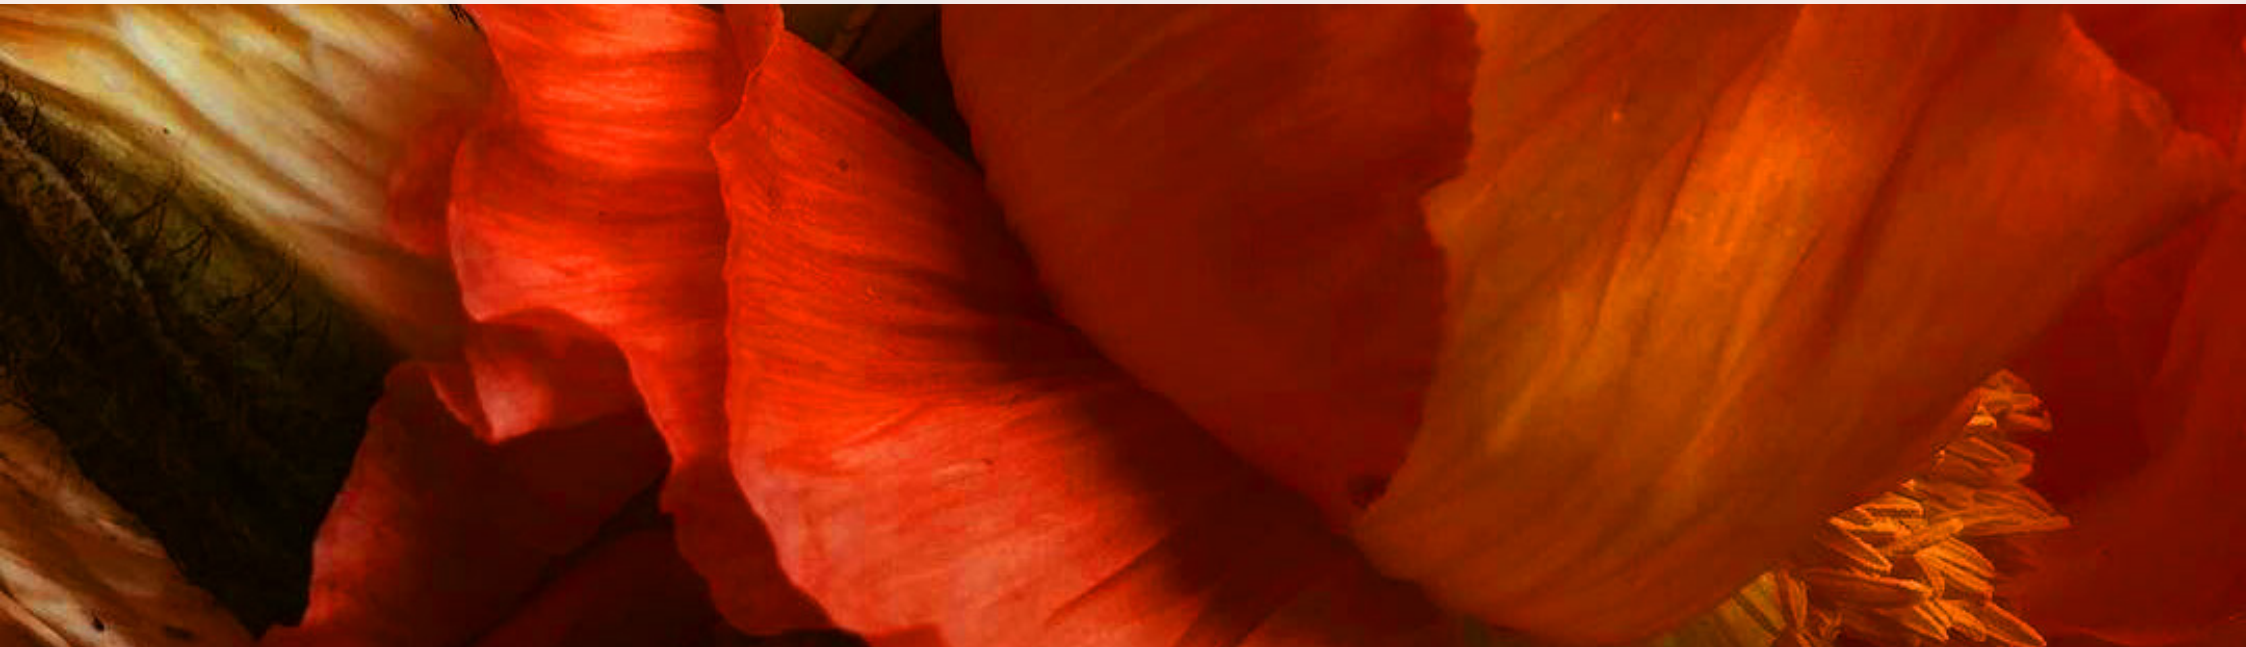

IN THIS CITY OF WOVEN TALES

A black and white photograph of a window with sheer curtains. The curtains are light-colored and have a subtle pattern. They are hanging from a dark rod. The floor is made of light-colored wooden planks. The text "WE WEAVE A CANVAS OF COMFORT" is centered over the image in a bold, italicized, serif font.

WHERE CRAFTMANSHIPS FLOURISH

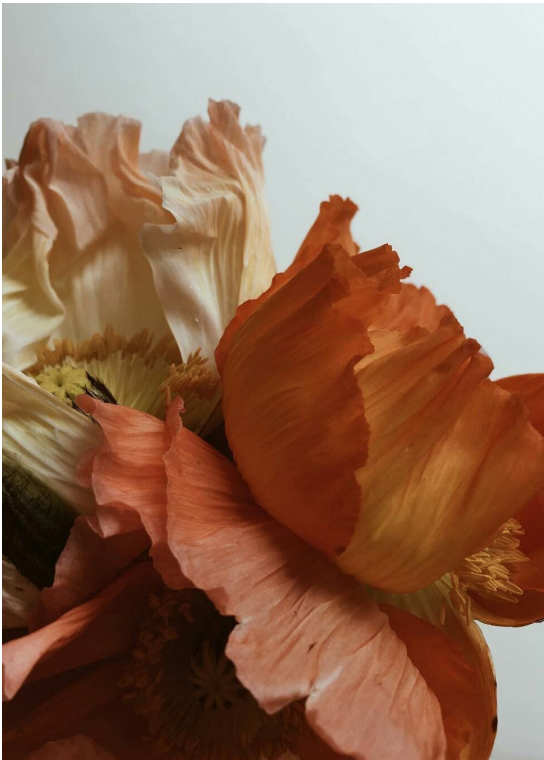

A close-up, profile shot of a woman with dark, curly hair looking upwards. She is wearing a white t-shirt with dark trim on the sleeves and a small hoop earring. The background is a blurred cityscape at night with warm, bokeh lights. A semi-transparent white banner is overlaid across the middle of the image.

INTO A STAGE OF INSPIRATION

A person is silhouetted against a bright sunset over the ocean. The person is standing on a ship's deck, looking out at the horizon. The sun is a large, bright orb in the sky, casting a warm glow. The ocean is visible in the foreground, with gentle waves. The ship's railing and a vertical support beam are visible on the right side of the frame.

Inspired by Panama's colours and nature, a vibrant colour palette adds a layer of warmth to the visual identity. A soft and neutral sand colour for backgrounds brings contrast to the vibrant colours.

PATTERNS AND VISUAL SYSTEM

The visual system is a graphic and abstract representation of the canal. Echoing the shapes in the logotype, the long twisted stripes of water are used as a pattern.

A series of different shapes are designed to be used as backgrounds and key visuals on amenities, editorial layouts, and other such communications.

Patterns can be combined together to create visually interesting landscapes. The following pages show example of usage and colours.
